

## ABSTRACT

5 A printer cartridge for an inkjet printer including an elongate body adapted to be received within the inkjet  
printer and including printing fluid storage, a pagewidth printhead attached to the body and in fluid  
communication with the printing fluid storage; and first and second electrical connectors in electrical  
communication with said printhead, said first and second connectors attached to the elongate body and  
disposed adjacent opposite ends of the pagewidth printhead for mating with corresponding first and second  
electrical connectors of the inkjet printer.
